

**Foothill/Eastern Transportation Corridor Agency
Federal Consistency Appeal
Public Hearing**

September 22, 2008

Chronological List of Registered Speakers

On September 2, 2008, the National Oceanic and Atmospheric Administration (NOAA) published a notice in the Federal Register announcing that a public hearing will be held on September 22, 2008, beginning at 10:30 a.m., in O'Brien Hall at the Del Mar Fairgrounds, 2260 Jimmy Durante Boulevard, Del Mar, CA 92014 concerning the Federal Consistency appeal filed by the Foothill/Eastern Transportation Corridor Agency (TCA) under the Coastal Zone Management Act. The appeal involves the proposed extension of California State Route 241 in Orange and San Diego counties. Pursuant to the Federal Register notice, over 600 people submitted written requests to provide oral testimony at the hearing. NOAA has created a testimony schedule which separates those providing testimony into the following general categories: individuals, elected officials, organizations and tribes. Among these groups, elected officials were given first priority, tribes and organizations were given second priority, and the remaining time was allotted to individuals testifying on their own behalf. The order of speakers within each group was randomly selected. Attached is the chronological list of registered speakers. We will begin with the first speaker on the list and continue down the list until the scheduled ending of the hearing.

Given the high level of public interest in this hearing and to maximize efficiency and the amount of testimony received, the hearing procedures have been slightly modified. Elected officials and individuals representing tribes and organizations will

each receive up to 4 minutes to testify; individuals will receive up to 3 minutes to testify, and the length of the recesses, first announced in the Federal Register, will be reduced. The exact length of the recesses will be announced at the hearing. The following mark (****) on the speaker's list denotes how far NOAA staff estimates we will get in the time allotted. However, NOAA will strive to accommodate the maximum number of speakers possible given time constraints.

Thank you, in advance, for your interest in this hearing and for sharing your views on this matter.

Chronological List of Registered Speakers

1	Amante	Jerry	Mayor	City of Tustin	Tustin	CA	4 min.
2	Kehoe	Christine	Senator	39th District, CA State	San Diego	CA	4 min.
3	Dixon	Richard	Council Member	City of Lake Forest	Los Angeles	CA	4 min.
